### **Viatronix, Inc. Appoints Jan F. Jumet Chairman of Board**

**STONY BROOK, NY, February 10, 2006** – Viatronix, Inc., a leading innovator and developer of diagnostic 3D imaging software, announced that its Board of Directors has elected a new Chairman of the Board, Mr. Jan F. Jumet. Jumet is a Managing Director and Chief Compliance Officer at Babson Capital Management LLC. Jumet succeeds Lt. General Thomas P. Stafford who will remain an esteemed member of the Viatronix Board of Directors.

“I am honored to succeed General Stafford, and to work even more closely with Zaffar Hayat, President and acting CEO,” said Mr. Jumet. “Due to the work of these gentlemen and the Viatronix team, Viatronix is a proven leader and pioneer in 2D/3D clinical applications. I am confident this team can continue to guide the company into further development of a suite of products that will allow Viatronix to remain a leader in meeting the needs of the radiology industry.”

“Jan will be an excellent Chairman of the Board,” said Zaffar Hayat, President and acting CEO of Viatronix, “His management and financial market insight will bring invaluable leadership to the Viatronix Board of Directors.”

### **About Jan Jumet**

Jan Jumet joined Babson Capital Management LLC in June 2005 as a Managing Director and Chief Compliance Officer (CCO). In leading a 16-member compliance team, Mr. Jumet has overall responsibility for compliance program development and implementation across the firm’s broad array of investment disciplines, covering nearly 600 people and more than \$100 billion in assets under management.

Mr. Jumet has over 14 years of investment industry experience. He joined Babson Capital from Mellon Institutional Asset Management in Boston where he served as Senior Vice President and Chief Risk and Compliance Officer of Mellon Institutional Asset Management (MAIM), as well as Chief Compliance Officer of Mellon Institutional Funds and CEO of Mellon Funds Distributor.

Mr. Jumet is an alumnus of Kent State University with a B.B.A. in Finance, and Duquesne University with a M.S. in Tax and a Juris Doctor. He is a member of the Pennsylvania Bar Association and the American Bar Association. Jan has previously served on the Board of the American Cancer Society in Western Pennsylvania.

## **About Viatronix**

Viatronix is a leading innovator and developer of 2D/3D medical imaging and diagnostic software. Our software enables physicians to interactively view vital organs and anatomical structures within the human body from data acquired by standard medical imaging equipment in minimally or non-invasive methods. The 2D digital data acquired from imaging devices is automatically post processed using the company's proprietary software techniques and provides 3D diagnostic quality images for the physician. The company's first product, V3D-Colon for "virtual colonoscopy" allows physicians to interactively view the colon reconstructed from a CT scan, providing visualization of the inner surface that includes polyps and lesions. The company's V3D-Explorer offers a robust and user-friendly workstation platform that views and reconstructs data in 2D/3D for virtually any organ in the body. V3D-Calcium Scoring aids physicians in determining the amount of calcified plaque accumulation in the coronary arteries. V3D-Vascular is breakthrough software that permits rapid segmentation and visualization of complex arterial structures using 3D volume rendering, maximum intensity projection and simulated x-ray views. Viatronix, through application of the V3D technology, is developing additional innovative products that will be useful in early detection of other diseases, treatment planning, intervention and follow up evaluation. Viatronix, Inc. is located in Stony Brook, NY. For further information, call toll free 1-866-887-4636 or log on to: [www.viatronix.com](http://www.viatronix.com)
